

NEW VILLAGE PATHWAYS PROJECT

The **HempsteadWorks Career Center** is implementing the *online* **New Village Pathways Project** under the **Empire State Poverty Reduction Initiative (ESPRI)**. Under this project, we will provide a variety of services to assist Hempstead Village residents along their career pathway.

A **career pathway** is a combination of high-quality education, training, and other services that lead to successively higher credentials and employment opportunities in growing occupations.

Our **Career Pathways Services** will help you create a career portfolio that highlights your skills and occupational background. Then, we will use your portfolio to create a career pathway leading to successively higher credentials and employment opportunities that will enable you to reach your desired career.

**Priority of service is given to veterans, and special accommodations are made for individuals with disabilities*

Eligibility: Village of Hempstead Resident
